## Lowndesville Happenings.

Miss Marjorie Brownlee, a daughter of Capt. J. E. Brownlee, of Penney's Creek, spent the past week with Mr. E. W. Harper and family.

While coming down the hill at Mr. H. A. Tennant's Thursday Mr. J. T. Latimer's mule ran away, throwing him and two of his sons out of the buggy and slightly injuring his arm. We are glad to say that there were no further damages.

Another unlucky incident was the accidental shooting of a negro woman at Price's Mill Wednesday. They were members of a fishing party and were playing with a pistol, when it was discharged, the ball entering the back just above the right hip, and inflicting a very serious wound. There are very few chances for her recovery.

Miss Leila Mosely came down from Anderson on the freight train Saturday afternoon, and her brother, Mr. Roscoe Mosely, came through the country on his wheel Sunday morning, for a visit of a few days to Mr. J. W. Huckabee and Dr. Mosely.

Miss Julia McGehee, of Greenwood, is the guest of Mr. J. T. Latimer until after the commencement exercises of the school. Miss McGehee was the popular teacher of the primary department last year, and as such made an enviable record. She is a favorite with the people of the town and is receiving a very warm welcome.

Miss Ida Watson, of Anderson, is stopping with her sister, Mrs. B. Bolin Allen.

Miss Boyd arrived here from Mt. Carmel Friday and is staying with Mrs. Hester.

The commencement of the Lowndesville High School began on the Sabbath at 11 o'clock with a lay sermon in the Presbyterian Church from Dr. Lee Davis Lodge, President of Cooper-Limestone College at Gaffney, S. C. His address showed thought and wide reading, and was delivered in a very finished and impressive manner. Much regret was expressed because he was unable to be with us longer and perhaps give another of his inimitable talks, but the pressure of business compelled him to leave on the 5:12 train that afternoon. On Monday evening Professor Jno. G. Clinkscales, of Wofford College, will deliver the literary address, and the regular closing exercises will come off Tuesday evening at 8:30.

## Picnic at Jolly's Spring.

Mr. Editor: Jolly's Spring, situated in the banner Township of Anderson County, has never had a more jolly crowd of picknickers quench their thirst from its health giving waters than that gathered there on Saturday, the 19th inst., to join in the festivities of the day with the teachers, patrons and children of Concord and Hunter's Spring school. By 11 o'clock some 250 or 300 had gathered in groups around the springs, some of the older ones engaged in discussing the current events of the day, some of the younger ones could be seen coupled off in pairs spending the time very pleasantly together, while the smaller ones seemed to be with each other in having fun. There was nothing to mar the pleasures of the day, not even a candidate taking present to talk to the "dent people."

About 1 o'clock a call was made to spread the dinner, and the table, which, on former occasions, had groaned with its burdens of eatables, was found very insufficient for this occasion, and four 2-horse wagon beds had to be brought to its rescue. When everything had been arranged on the table, Rev. W. W. Leathers was called to the front and very appropriately graced the table. We have never before saw such a bountiful dinner as was spread on this occasion. The ladies seemed to have been at their very best and there was fully as much gathered up as was eaten.

After dinner there was some talk of speech making, but as none of the invited speakers were present we decided to take the children over to the trestle near by and view the up train as it passed on its way to Wallhalla. When we returned to the springs we found two merry picnic crowds had come during our absence, one from Lebanon and the other from the Hopewell section.

Miss Eva Gentry, who has had charge of the school at Concord for the past session, is a graduate of the Greenville Female College, is a thoroughly qualified and competent teacher, and to show how much her services have been appreciated the patrons of her school, some weeks before it expired, re-elected her for another term, which speaks enough for her.

Miss Maud O'Neal, who has charge of the Hunters Spring School, is a graduate of Williamston Female College, and has been teaching the school in which she learned the endowments of her education and has given her patrons satisfaction, a thing hard to do. To say the pupils of these young ladies love them would be expressing it rather mildly.

Thus closed these two schools for this session. May the good seed these teachers have sown be cultivated by the pupils until the next session opens.

A PATRON.

If you can't work well in hot weather, take Prickly Ash Bitters, it regulates the important organs of the body and fortifies the system to resist the enervating influence of summer heat. For sale by Evans Pharmacy.

The great Roman Harrow can be adjusted to any desired position. All frame parts and teeth are made of the best quality steel, heavy and sufficiently strong to stand the roughest usage. The Harrow is the best Harrow of its kind on the market. Designed and manufactured expressly for Sullivan Hdw. Co.

## Belton Items.

The school here closed last Friday with an splendid address by Dr. Hartzog, of Clemson College, after which the principal, W. B. West, made mention of his resignation. Mr. West has held the position of principal for five years, during which time he has received the kindest treatment at the hands of the school authorities and patrons, and it is with many regrets that he severs his connection with the school.

Mrs. Casey, mother-in-law of Mr. Tom Robinson, died at the latter's home Monday afternoon and was buried at Wallhalla Tuesday.

Mrs. M. J. Williams is on an extended visit to friends in North Carolina. She will return next week.

Mr. R. A. Lewis, of Belton, has been elected a permanent member of the Executive Committee of the South Carolina Interstate and West Indian Exposition, which will be held in Charleston in 1901. Mr. Lewis is one of the best business men in upper South Carolina, and this honor conferred on him has been worthily placed. The purpose of the Exposition is to thoroughly represent to the world the material and industrial wealth of the State, and every loyal South Carolinian should be thoroughly interested in the project, and give to it his hearty support. Books of subscription for the capital stock of the enterprise are now open at the Bank of Belton, and those desirous of subscribing should see Mr. Lewis, and he will thoroughly explain the entire project. ## Notes From Denver.

Mr. and Mrs. W. D. Garrison went to Greenville County last week to visit relatives, attend a family reunion and to celebrate the 83rd birthday of Mr. Garrison's father.

Cadet Will Garrison, accompanied by Major Martin, of Clemson, came home Friday for a short visit.

Misses Ida and Ada Simpson and Mr. James Elrod have been visiting relatives in the vicinity of Denver for the last few days.

Hunter and Concord Schools picnicked at Jolly Springs last Saturday. They were joined by a crowd of other young people, and all had quite a pleasant time. There is no lovelier spot in the County for a picnic than Jolly Springs.

Miss Hattie McWhorter has closed her school at Mountain View, and is at home for vacation, much to the delight of her many friends in Denver.

Mr. and Mrs. Sam Harris, of Belton, attended Church at Sandy Springs last Sabbath. Rev. R. E. Stackhouse preached a very impressive sermon to a large and attentive audience.

Mrs. J. Reid Garrison visited the Electric City Monday.

Mrs. A. E. Browne has been staying a few days with Mrs. G. M. Harper, who has been very ill. She returned home yesterday, reporting Mrs. Harper as improving rapidly.

Mr. J. Reid Garrison and Masters Raymond and Tommie Garrison took a trip to Wallhalla Sunday and visited relatives.

Dry weather still continues here, though the Sandy Springs section had a good rain Friday. Gardens and crops are needing rain.

Prof. Oscar Browne, of Prospect, with his large school of that place, picnicked at Portman last Saturday and had a pleasant time. The young people of Denver regretted very much that they could not attend there and at Jolly Springs both.

Mr. W. A. Stott, of Alabama, is visiting the family of Mr. J. Wyatt Kay, of the Lebanon section.

Farmers will be busy soon harvesting the fine wheat and oat crops, which promise a heavy yield. Spring sown oats are a failure on account of the dry weather.

INCIGNITA.

## Roberts Items.

We are requested to announce that there will be a picnic at the new ferry on the first Saturday in June. Everybody is invited to attend and bring well filled baskets. Let it be a day long to be remembered.

A good rain would be very much appreciated at this writing.

Some of our farmers say in a few days their wheat will do to cut.

Rev. Hugh McLees preached to a large congregation at Providence on the second Sunday morning. We noticed among the visitors Mr. and Mrs. Burns, of Sandy Springs, Mr. Leese McLees and wife, of Prospect, Mr. Davis, of Newhope, and others whose names we did not get.

NANCY.

## Autan Items.

Everything is wearing a calm and peaceful serenity. Even the accents of sweet and fragrant flowers and waving leaves seem to be echoing each a theme of joy and gladness in return for a delightful rain last week.

Rev. R. E. Stackhouse spoke in unflinching terms to a large congregation at Sandy Springs last Sunday. Mr. Stackhouse speaks in uncompromising tones, and in our opinion this is the best way to accomplish the most good. In our humble judgment there is nothing that confuses a pastor so much as an unattentive and restless persons in the congregation. Now, we have a few at Sandy Springs, especially boys, who are continually going out and in during the services. This is perfectly acceptable occasionally, but when there is a continual leaving and entering the room, it becomes an annoying nuisance to those who are trying to listen attentively, and we do hope that parents, not only at Sandy Springs, but elsewhere, will instruct their children to give entire attention while in church to the speaker.

Mr. G. W. Darby has graded a road from his dwelling to the public road. Cotton thinning is here, and the work of separating Gen. Green and King Cotton has begun.

The peach crop promises to be finer this year than it has been in many. We hope to be able to stick our pen in a few for you, Mr. Editor. Perhaps our pen, in anticipation, has already gathered so much fuzz that you cannot read this.

BON. AMATEUR.

## Pendleton Items.

We were glad to have Rev. B. P. Reed to preach for us Sunday.

Miss Anna Jenkins, who has been in New York for six years, is visiting relatives at her old home.

Mrs. J. T. and M. M. Hunter and Miss Caddie Trescott spent last week in Charleston.

Mrs. Shubrick and children, of Washington, Ga., have come to make Pendleton their home.

Mr. and Mrs. J. C. Moore have come home for a few days.

Rev. H. McLees is in Pendleton for a while.

It has always been the aim of Sullivan Hdw. Co. to offer to the farmers of Anderson County the very best of every kind of Agricultural implement that the market affords. This firm has made a very close study of the Mower problem; has eagerly studied every practical improvement; has closely observed the work in the field, and has accurately counted the cost of every detail necessary to keep in perfect running order all of the different types of Mowers now manufactured. As a result of their careful investigations they have now put on the market a machine that has stood the test on years, and to-day stands forth as the world's acknowledged standard. For simplicity of construction, perfect workmanship, ease of running and longevity the McCormick stands without an equal.

Nothing so interesting to us as dollars are in a business way. We have thousands of dollars worth of Goods that we want the people interested in, but direct special attention this week to--

## MEN'S CLOTHING!

We have planned for a vigorous Clothing campaign. We expect to offer some of the greatest inducements we have ever offered to reduce our big stock. We have decided to turn this stock quick. To do so it will take lively moving, and to make business active in this department it will take price inducements as well as other merits to make things go. This is no idle talk. Come to us with your money if you want to buy Clothes, and your pocket-book will realize the grand fact that we assert. Men, this is a great opportunity for you.

## A WORD TO THE WISE!

A freight train makes more noise than the fast express, and for this reason we do not want to make any extra "large" noise, but in a very modest way we would like to say: We have too many Goods for this season of the year, and we are going to make some very interesting prices on--

## Dry Goods, Shoes, Hats and Groceries.

Our Shoe Stock alone comprises over seven thousand dollars worth of Goods, and while we are selling a lot of Shoes we would like to greatly increase our sales for the next sixty days, and for that reason we will make a Special Discount Sale on every pair of Shoes in our House. One lot of Ladies' Dongola Button Shoes, former price \$1.00, now 75c. One lot Ladies' Vici Kid Shoes, all styles, Lace and Button, former price \$1.50, will sell them to you now for \$1.25. We only mention these two lots because they are our most popular lines. We have hundreds of similar lots to go the same way.

Remember, we carry Men's, Women's and Children's Shoes of every kind, from the cheapest to the best hand-sewed goods made, and this Discount Sale applies to every Shoe in our House.

## JUST A MINUTE.

WE don't want you to stop work to read a whole lot of rot. Just read these few lines for the sake of your purse, your health, your poor wife and children, and then work a little more, and come on to town and load up at our Store for WE ARE THE PEOPLE!

## DEAN'S PATENT FLOUR

Is better now than it ever was before, and is the best thing on the market, but it is cheaper than many other so-called "Patents" and simply takes the ill-fated linen off the infantile shrubbery. There are some so-called "Patents" that require "Patent Insides" to digest them. Beware of all except Dean's Patent--it is as pure as the Alpine snows thrice bleached by the Hyperborean blasts.

## WE HAVE GOT SHOES TO SELL.

And if you want Shoes, and want good Shoes, you must see us. We haven't got that shoddy stuff you've been buying just because it was cheap, and found you were bit before the week was out. No, some other fellow sells them.
